SUMMARY

I am a skilled software engineer and web developer with management experience and exceptional communication skills, and I have a deep interest in UI/UX design. I am seeking an opportunity to utilize my passion for creating beautiful, responsive, and accessible websites. Eager to join a dynamic team that values professional growth and development, where I can continue to enhance my skills and make a meaningful impact.

PROFESSIONAL HISTORY

Software Engineer

100Devs | Los Angeles, CA (Remote) | January 2022 - Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices.
- Built semantically structured full-stack web applications.
- Applied agile methodologies like SCRUM for project management.

Full Stack Web Developer

TylerIsCoding.com | Boston, MA | March 2021 - Present

Created full-stack web applications and fully responsive static websites for different clients across small and medium-sized businesses. I also consulted on SEO and social media strategy. Some clients included:

[Silverpoint Sneakers](#) – Silverpoint Sneakers is a website dedicated to providing the latest and greatest in sneaker fashion. With a wide variety of styles and brands to choose from, Silverpoint Sneakers is the ultimate destination for sneaker enthusiasts.

[Paterro's Kitchen](#) – Paterro's Kitchen is a visually appealing website designed to showcase the restaurant's authentic Italian food and charming atmosphere. The site features a clean, modern layout, high-quality images, and a reservation page.

[Spectral Salon](#) – Spectral Salon is a website that offers a wide range of beauty and grooming services for men and women. Services offered may include hair cutting, coloring, styling, nail care, waxing, facials, and more.

Inventory Control and Logistics Coordinator

Micro Center Computers and Electronics | Cambridge, MA | 2019 – 2022

- I ensured that all documentation related to inventory flow, shrink trends, and logistics was complete, filed correctly, and accurately.
- I managed supply chain objectives, handled our main inventory filing systems, and oversaw maintenance operations and supply orders for every department.
